

“Life is like riding a bicycle
– to keep your balance
you must keep moving”
Albert Einstein

Balance.
Your competitive advantage.

BALANCE

Who is Balance Recruitment?

Balance is a dynamic technology recruitment business operating across Australia's eastern states. Our goal is to help businesses achieve extraordinary outcomes by introducing them to exceptional talent. Simple as that. We cover all technical, functional, digital, sales, marketing, product, and executive IT roles, and fill permanent, contract and fixed-term positions.

The Balance Team

Our success is attributed to Balance Recruitment's team. Every formidable member brings an average of 20 years' recruitment experience to his or her role. Our consultants will deep-dive into their long-standing networks to uncover the perfect person before you can say 'job ad'.

The Balance Specialists

We have lived technology recruitment for 20 years and more. We remember when Amazon just sold books, we know the difference between AWS and IaaS, and we can differentiate someone who is Agile from fragile. We've sourced candidates with the brightest minds and the craziest sounding technologies... Ubuntu, Kanban, Red Hat, SOAP, Splunk, Puppet... And our people have made tangible differences to peoples' lives. And that makes us very happy.

The Balance Outcomes

Why choose Balance Recruitment? We get the job done, and pride ourselves on doing it well. Looking to hire a pink spotted unicorn with ITIL skills? We'll scour the globe to find them. Need to assemble a

team of 40 support analysts? Balance routinely orchestrates team hires, with the confidence of our clients, best-practice procedures and the back-stories to prove this work is in our DNA.

The Balance Communication

We understand that different organisations want to deal with us in different ways. Our people are adaptable and always willing to work the way our clients feel most engaged.

The Balance Diversity

Despite generalisations, the world of technology is a rainbow collective, coloured by all demographics of the community. So at Balance, we celebrate the diversity of our candidate base and place them accordingly.

The Balance Ambassador

What are candidates looking for? A company with the right fit. A vital part of Balance's mandate is to promote the 'employer brand', with its work culture, values, and benefits. Effectively developing and delivering this proposition ensures our clients own the competitive edge.

The Balance Network

Need a role filled? Balance will travel. Our team is based in Sydney's CBD but our database of 350,000 candidates is spread across Australia giving us a nationwide delivery capability.

The BALANCE SALARY SNAPSHOT

Summer / Autumn 2025

JOB TITLES	PERMANENT		CONTRACT
